Instructions

1. Each package **must** bear :
 - a. The appropriate international Customs declaration label (obtainable from a Post Office) fully and correctly completed to show the quantity, nature and value of the contents, and
 - b. The official label C&E 83A "Exported by Post under Customs and Excise control" (obtainable from a Customs and Excise (not VAT) office).
 - c. If the goods are addressed to another member state of the EC, to the Channel Islands or to Turkey and are T1 status a yellow label C1130, (obtainable from a Customs and Excise (not VAT) office).
2. The Certificate of Posting should be completed fully, accurately and legibly. Otherwise delay and inconvenience may be caused.
3. It is the exporter's responsibility to inquire into import and export regulations (prohibitions, make up etc) and to find out what documents, if any (certificate of origin, health certificates, invoices etc) are required in the country of destination.
4. Details required by the letters in brackets in item headings overleaf are :-
 - (A) State contents, indicating separately different kinds of goods. General descriptions such as 'foodstuffs', 'samples', 'spare parts' etc are not acceptable. The gross weight of each parcel must be shown.
 - (B) If known, state the Harmonised System Commodity Code.
 - (C) State the net weight of each kind of goods. The 'gross' and 'net' weights may be given in metric units (kg. gr. or l. cl.) or in imperial units (lb. oz. or gallons) as preferred.
 - (D) State the value of each kind of goods separately. The insertion of a cross or 'NCV' (indicating no commercial value for Customs purposes) instead of a value does not dispense with the requirement for detailed completion of this form.
 - (E) Your signature on the front is regarded as implying that your item does not contain any dangerous article prohibited by postal regulations.
5. You should ensure that you obtain a certificate of posting for your package. Claims for compensation cannot be considered without such a certificate.

Data Protection Act 1998

HM Customs and Excise collects information in order to administer the taxes for which it is responsible (such as VAT, insurance premium tax, excise duties, air passenger duty, landfill tax), and for detecting and preventing crime.

Where the law permits we may also get information about you from third parties, or give information to them, for example in order to check its accuracy, prevent or detect crime or protect public funds in other ways. These third parties may include the police, other government departments and agencies.
