

## Annex B: Impact Assessment (Standard)

School name	Distance from free school (miles)	School type	Capacity	Attainment in 2011/12	Ofsted grade	Impact rating
Bantock Primary School	0.1	3-11 age range, community school, no faith, mixed	357 school places, surplus of school places of 23% of total school capacity, undersubscribed for entry in 2011/12	43% of pupils achieved the expected level at KS2 in English and maths.	Requires Improvement	<b>Moderate-</b> This is one of two closest schools to Anand (0.1 miles away). It has a large surplus of places and is undersubscribed at the point of entry. Its performance is well below average, so parents may choose to take their children elsewhere, including the free school. However, the free school has a Sikh ethos and the Council is expecting an increase in the number of primary places needed, so we believe any impact is likely to be no more than moderate.
Merridale Primary School	0.1	3-11 age range, community school, no faith, mixed	210 school places, surplus of school places of 7% of total school capacity, oversubscribed for entry in 2011/12	Above average, 82% of pupils achieved the expected level at KS2 in English and maths.	Outstanding	<b>Minimal-</b> This is one of two closest schools to Anand (0.1 miles away). It is an Outstanding school that is oversubscribed for entry in 2011/12. The Council is expecting an increase in the number of primary places needed. Therefore the impact is expected to be minimal.
Graiseley Primary School	0.5	3-11 age range, community school, no faith, mixed	204 school places, surplus of school places of 25% of total school capacity, undersubscribed for entry in 2011/12	Average or close to average, 80% of pupils achieved the expected level at KS2 in English and maths.	Satisfactory	<b>Moderate-</b> This school has a large surplus of places, is undersubscribed at the point of entry and is rated only Satisfactory by Ofsted so Anand may have a moderate impact on it. The impact is unlikely to be more than moderate given that it is a non-faith school and Anand is relatively distant from it.

Woodfield Infant School	0.8	3-7 age range, community school, no faith, mixed	251 school places, surplus of school places of -7% of total school capacity, oversubscribed for entry in 2011/12	Infant school - no KS2 data	Good	<b>Minimal-</b> This infant school is 0.8 miles from Anand and caters for 3-7 year olds. It is rated Good by Ofsted and is oversubscribed overall and in the 2011/12 entry year. The impact is likely to be minimal.
Woodfield Junior School	0.8	7-11 age range, community school, no faith, mixed	352 school places, surplus of school places of -3% of total school capacity, undersubscribed for entry in 2011/12	Average or close to average, 80% of pupils achieved the expected level at KS2 in English and maths.	Requires Improvement	<b>Moderate-</b> This school is oversubscribed overall. However, because it has been rated as Requiring Improvement and is undersubscribed for entry in 2011/12, it may suffer a moderate impact as some parents of children at the school may be attracted to the free school. Given that the free school is a faith school and this school is not, the impact is unlikely to be more than moderate.
St Jude's Church of England Primary School	0.8	3-11 age range, voluntary controlled school, Church of England, mixed	387 school places, surplus of school places of 0% of total school capacity, oversubscribed for entry in 2011/12	Well below average, 65% of pupils achieved the expected level at KS2 in English and maths.	Inadequate	<b>Moderate-</b> This CoE school has no surplus places overall and is oversubscribed for entry in 2011/12. However, its results are well below average and it was rated Inadequate, so Anand may have a moderate impact on it. The impact is unlikely to be more than moderate given that this is a CofE school and Anand is a Sikh ethos school.

St Luke's Church of England Aided Primary School	0.9	3-11 age range, voluntary aided school, Church of England, mixed	420 school places, surplus of school places of 5% of total school capacity, oversubscribed for entry in 2011/12	Well above average, 92% of pupils achieved the expected level at KS2 in English and maths.	Good	<b>Minimal-</b> This school has KS2 results that are well above average and a Good Ofsted rating. It is oversubscribed in its entry year.
