Better connections for over
100 UK cities and towns,
including **eight** of the
largest cities

85% of businesses state that
transport infrastructure is
**significant in
investment decisions**

The construction of HS2 will
re-shape our country in 4 ways

1 Creating jobs across the whole country

Create

construction jobs

Support up to

jobs

A photograph of three people in a factory. Two men and one woman, all wearing blue work shirts, are gathered around a metal component. The man in the center, who is older with a grey beard, is holding the part. The younger man on the left is looking at it intently. The woman on the right is also looking at the part. In the background, there is a large green industrial machine, possibly a lathe or mill. The scene is well-lit, suggesting an indoor industrial environment.

2

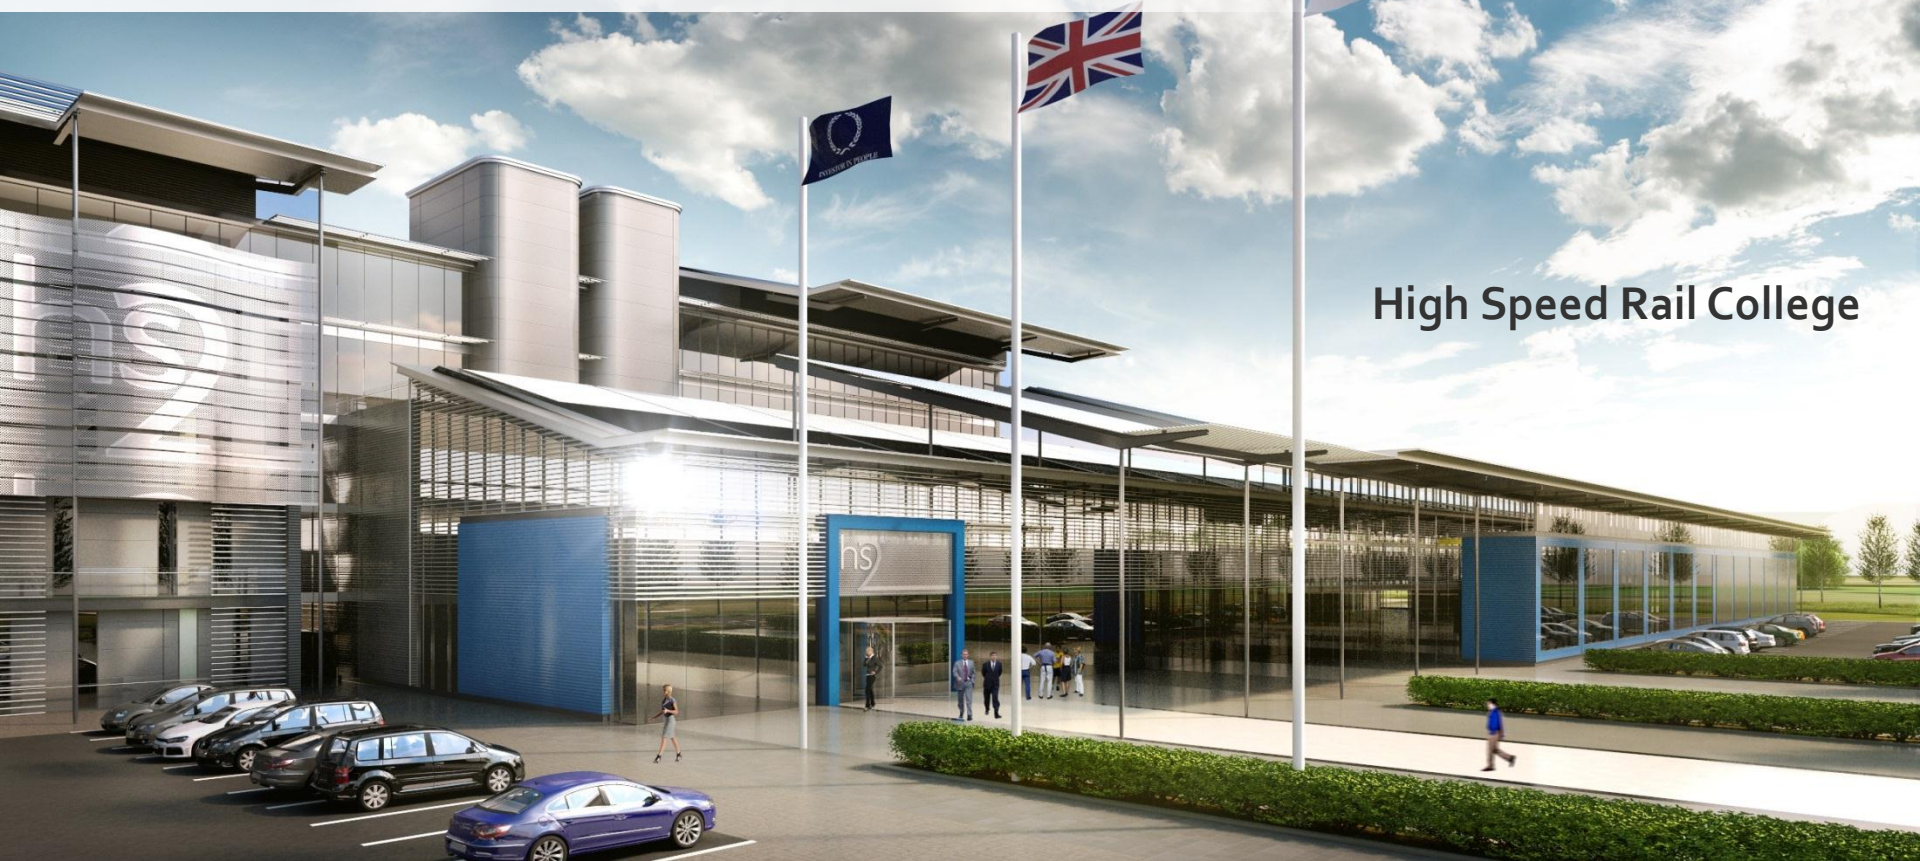

Transforming the skillset of the infrastructure industry

3

Improve equality, diversity and inclusion

4

Bringing new people into the infrastructure industry
