

Annex B: Impact Assessment - Standard

School name	School type	Capacity	% pupils achieving Level 4 or above in both English and Maths 2011/2012 (National Average 79%)	Ofsted grade	Impact rating
Denbigh Primary School	4-11 Community School	630 Surplus of school places of 0% of total school capacity Oversubscribed for entry in 2011/12	Above national average - 88%	Satisfactory	Minimal. Close proximity (0.5 miles) but the school is oversubscribed and is making good progress (KS2 results have gone up in each of the last 4 years). The Free School is unlikely to affect the long-term viability of the school.
William Austin Junior School	7-11 Community School	600 Surplus of school places of 0% of total school capacity Oversubscribed for entry in 2011/12	Well below national average – 69%	Good	Moderate – The close proximity, dual catchment area with the Free School and falling results could result in the school losing pupils. However, the school is oversubscribed and due to the large basic need in the area the Free School is unlikely to affect the long term financial viability of the school
William Austin Infant School	5-7 Community School	450 Surplus of school places of 1% of total school capacity Oversubscribed for entry in 2011/1250	N/A	Good	Minimal - the Free School is unlikely to affect the long term financial viability of the school
Beech Hill Community Primary School	4-11 Community School	720 Surplus of school places of 1% of total school capacity Oversubscribed for entry in 2011/12	Below national average – 72%	Good	Minimal - the Free School is unlikely to affect the long term financial viability of the school
Maidenhall	3-11 Community School	630	Below national average - 71%	Satisfactory	Moderate – The below average results and close

Primary School		Surplus of school places of 2% of total school capacity Oversubscribed for entry in 2011/12			proximity may result in the school losing pupils but it is oversubscribed and the large basic need in the area means the Free School is unlikely to affect the long term financial viability of the school.
St Matthew's Primary School	3-11 Community School	720 Surplus of school places of 6% of total school capacity Undersubscribed for entry in 2011/12	Well below national average – 59%	Good	Moderate – The school is undersubscribed at present but a recent Good Ofsted inspection and improved results over the last 2 years means this school is likely to gain in popularity. Travel patterns in the area suggest a minimal impact from River Bank. The Free School is unlikely to affect the long term financial viability of the school.
Dallow Primary School	4-11 Community School	630 Surplus of school places of 2% of total school capacity Oversubscribed for entry in 2011/12	Well below national average - 43%	Inadequate - monitoring inspection in Nov 2012 rated Satisfactory	Moderate – Poor results and the proximity to the Free School could result in this school losing pupils. However, satisfactory progress is being made and the high basic need in the area means the Free School is unlikely to affect the long term financial viability of the school.
Bushmead Primary School	4-11 Community School	720 Surplus of school places of 1% of total school capacity Undersubscribed for entry in 2011/12	Just above national average - 81%	Outstanding	Minimal - the Free School is unlikely to affect the long term financial viability of the school
St Joseph's Catholic Junior School	7-11 Community School Roman Catholic	480 Surplus of school places of 1% of total school capacity Oversubscribed for entry in 2011/12	Just below national average – 78%	Outstanding	Minimal - the Free School is unlikely to affect the long term financial viability of the school
St Joseph's RC Infant School	5-7 Community School Roman Catholic	360 Surplus of school places of 1% of total school capacity	N/A	Good	Minimal - the Free School is unlikely to affect the long term financial viability of the school

		Oversubscribed for entry in 2011/12
