

Impact Assessment for Marine Academy Free School

School name	School type	Capacity (2011/12)	Attainment in 2011/12	Ofsted grade	Impact rating
Plaistow Hill Infant and Nursery School (age range 3-7)	Community	180	N/A	Satisfactory	<p>Moderate. Plaistow Hill had fewer than 4% of surplus places overall in 2011/12. We understand from a recent telephone discussion with Plymouth City Council's Admissions Team that Plaistow Hill may have some vacancies in its reception year (the school's normal point of entry) for the forthcoming school year – i.e. 2013/14.</p> <p><u>The Free School may have a short-term impact on Plaistow Hill. However, as Plymouth City Council are experiencing severe basic need issues at primary school level in some areas of the Authority, which is expected to affect the whole Authority within the next 3-5 years, the Free School is unlikely to affect the long term viability of Plaistow Hill.</u></p>
St Budeaux Foundation CE Junior School (age range 7-11)	Voluntary Aided	209	Below national average (80%). 73% achieving expected levels in English and maths at Key Stage 2 (also below Plymouth average of 79%)	Satisfactory	<p>Moderate. St Budeaux is at full capacity and its results are below the national and Plymouth average. We understand from a recent telephone discussion with Plymouth City Council's Admissions Team that St Budeaux may have some vacancies in year 7 (the school's normal point of entry) for the forthcoming school year – i.e. 2013/14.</p> <p><u>The Free School may affect the short term viability of the school. However, as Plymouth City Council are experiencing severe basic need issues at primary school level in some areas of the Authority, which is expected to affect the whole Authority within the next 3-5 years, the Free School is unlikely to affect the long term viability of St Budeaux's.</u></p>
Victoria Road Primary School (age range 5-11)	Community	210	Below national average (80%). 67% achieving expected levels in English and maths at Key Stage 2 (also below	Good	<p>Moderate. Although Victoria Road's results are below the national and Plymouth averages, we understand from a recent telephone discussion with Plymouth City Council's Admissions Team that Victoria Road is oversubscribed for the forthcoming school year – i.e. 2013/14.</p>

			Plymouth average of 79%)		<u>The Free School is unlikely to affect the short or long term viability of Victoria Road.</u>
St Paul's RC Primary School (age range 4-11)	Voluntary Aided	210	Well below national average (80%). 61% achieving expected levels in English and maths at Key Stage 2 (also below Plymouth average of 79%)	Outstanding	Minimal. Although St Paul's results are below the national and Plymouth averages, we understand from a recent telephone discussion with Plymouth City Council's Admissions Team that St Paul's is oversubscribed for the forthcoming school year – i.e. 2013/14. <u>The Free School is unlikely to affect the short or long term viability of St Paul's.</u>
Weston Mill Primary School (age range 3-11)	Community	315	Above national average (80%). 85% achieving expected levels in English and maths at Key Stage 2 (also above Plymouth average of 79%)	Good	Moderate. Weston Mill had 27% (85) surplus places overall in 2011/12. We understand from a recent telephone discussion with Plymouth City Council's Admissions Team that Weston Mill is not a popular school. Weston Mill is expected to have vacancies in its reception year (the school's normal point of entry) for the forthcoming school year – i.e. 2013/14. Weston Mill has also been in Special Measures. <u>The Free School may affect the short term viability of the school. However, as Plymouth City Council are experiencing severe basic need issues at primary school level in some areas of the Authority, which is expected to affect the whole Authority within the next 3-5 years, the Free School is unlikely to affect the long term viability of Weston Mill.</u>
