

## Annex B: Impact Assessment

We have looked at six secondary schools within a 2 mile radius from the site of Nottingham Free School (NFS), and three further education colleges within a 5 mile radius. We have concluded that the impact will vary between minimal and high: details are set out below.

### Secondary Schools

School name	School type	Capacity	Attainment in 2012/13	Ofsted grade	Impact rating
Djanogly City Academy	11-19 age range Academy Sponsor Led Non-faith Mixed	1750 school places  Overall surplus of 336 school places (19.2% of total school capacity)  270 places at entry point  93 entry level places unfilled in 12/13	Well below average  42% of pupils achieved 5 A*-C inc English and maths	Inadequate  Date of most recent Ofsted inspection – 14/11/2013	<b>High</b> – this school is only 0.6 miles from NFS. As this school’s results are well below average, and the most recent Ofsted inspection result was ‘inadequate’, we conclude that NFS may well impact on the long term financial viability of this school. However, this may be mitigated by the recently agreed partnership deal between TAG and Djanogly and the plans to reduce Djanogly’s PAN.
Ellis Guildford School and Sports College	11-16 age range	1350 school places  Overall surplus of 28 school places (2.1% of total school capacity)  270 places at entry point  6 entry level places unfilled in 12/13	Well below average  45% of pupils achieved 5 A*-C inc English and maths	Inadequate  Date of most recent Ofsted inspection – 13/11/2013	<b>High</b> – this school is only 0.9 miles from NFS. As this school’s results are well below average, and the most recent Ofsted inspection result was ‘inadequate’, we conclude that NFS may well impact on the long term financial viability of this school.

School name	School type	Capacity	Attainment in 2012/13	Ofsted grade	Impact rating
Bluecoat Academy	11-18 age range	2000 school places  Overall surplus of 139 school places (7% of total school capacity)  300 places at entry point  No unfilled places	Above average  66% of pupils achieved 5 A*-C inc English and maths	Good  Date of most recent Ofsted inspection – 10/03/2011	<b>Minimal</b> – this school is 1.5 miles from NFS. As this school's attainment is above average, and it was graded good at its most recent Ofsted inspection, we conclude that NFS is unlikely to affect the financial viability of this school.
Top Valley Academy	11-18 age range	970 school places  Overall surplus of 348 school places (35.9% of total school capacity)  194 places at entry point  110 entry level places unfilled in 12/13	Well below average  45% of pupils achieved 5A*- C inc English and maths	Requires improvement  Date of most recent Ofsted inspection – 01/05/2014	<b>High</b> – this school is 1.9 miles from NFS. Although this school's attainment is below average and its grade of "Requires Improvement" in its first inspection, the school is improving so the high impact will be mitigated by the improvements made.
Nottingham Girls' Academy	11-19 age group  Academy converter  Not a faith school	1050 school places  Overall surplus of 563 school places  150 places at entry point  70 entry level places unfilled in 12/13	Well below average  30% of pupils achieved 5 A*-C inc English and maths	Good  Date of most recent Ofsted inspection – 13/02/2013	<b>Moderate</b> – this school is 1.9 miles from NFS. Although this school is well below average, its Ofsted report is good and parents wishing for a single sex education will choose this school above NFS.

School name	School type	Capacity	Attainment in 2012/13	Ofsted grade	Impact rating
The Trinity Catholic School	11-18 age range  Academy convertor  Roman Catholic	1,145 school places  Overall surplus of 2 school places  165 places at entry point  No unfilled places	Well above average  73% of pupils achieved 5 A*-C inc English and maths	Outstanding  Date of most recent Ofsted inspection – 22/10/2008	<b>Minimal</b> – this school is 2 miles away from NFS. There will be minimal impact as the school has excellent attainment and outstanding Ofsted rating. Parents wanting a Catholic faith based education for their children may also prefer this school.

### Further Education Colleges

College name	College type	Capacity	Attainment in 2012/13	Ofsted grade	Impact rating
New College Nottingham	General Further Education College	8192 learners  53.7% of learners are aged 16-18  This is a large college	Well below average  The average points score per student at level 3 in 2013 is 555.4	Satisfactory  Date of most recent Ofsted inspection: 21/01/2013	<b>Minimal</b> – this school is 2.3 miles from NFS. As the curriculum of this FE college is largely different to that offered by NFS, we conclude that the long term viability of this college is unlikely to be impacted upon.
Bilborough College	Sixth Form College (General)	1827 learners  99.9% of learners are aged 16-18	Well above average  The average points score per	Good  Date of most recent Ofsted inspection:	<b>Moderate</b> – this college is 4.5 miles from NFS. As this college will offer a similar curriculum to NFS, we conclude that that NFS may impact on the choices parents

College name	College type	Capacity	Attainment in 2012/13	Ofsted grade	Impact rating
		This is a medium-sized college	student at level 3 in 2013 is 833.4	25/03/2009	and learners make at post-16.
South Nottingham College	General Further Education College	5895 learners 66.4% of learners are aged 16-18 This is a large college	Well below average  The average points score per student at level 3 in 2013 is 550.8	Satisfactory  Date of most recent Ofsted inspection: 20/05/2013	<b>Minimal</b> – this college is 4.6 miles from NFS. As the curriculum of this FE college is largely different to that offered by NFS, we conclude that the long term viability of this college is unlikely to impacted upon.
