

Annex B – The Boulevard Academy impact assessment

A standard impact assessment has been carried out.

School name	Distance	School type	Capacity	Attainment in 2010/11	Ofsted grade	Impact rating
Hull Trinity House School	1.3 miles	11-16 Academy (boys)	280 Oversubscribed for entry.	Well above national average. 80% 5A*-C inc English and maths.	Good	Minimal. The Free School is unlikely to affect the long term financial viability of the school.
Endeavour High School	1.4 miles	11-16 Community School	1200. Surplus of 46% in 2010/11. Undersubscribed for entry.	Well below national average. 33% 5A*-C inc English and maths.	Inadequate	Moderate. Poor results and a large surplus, combined with the proximity to the FS could mean a high impact. However, local travel patterns suggest only a moderate impact from The Boulevard Academy, and the LA are changing this school with a likely reduction in PAN and change to all-through status. The Free School is unlikely to affect the long term financial viability of the school.
Sirius Academy	1.6 miles	11-18 Sponsored Academy	1650. Surplus of 40% in 2010/11. Oversubscribed for entry.	Below national average. 47% 5A*-C inc English and maths.	Good	Moderate. There is a high surplus, but this school is improving and is in a new building from September 2011, so will expected to become more popular. The Free School is unlikely to affect the long term financial viability of the school.
Kelvin Hall School	1.9 miles	11-16 Foundation School	950. No surplus capacity in 2010/11. Undersubscribed for entry.	Just above national average. 60% 5A*-C inc English and maths.	Satisfactory	Moderate. With a new building from April 2012 and improving performance this school is expected to become more popular. The Free School is unlikely to affect the long term financial viability of the school.
Newland School for Girls	2.2 miles	11-16 Community School (girls)	890. Surplus of 5% in 2010/11. Marginally undersubscribed for entry.	Just below national average. 53% 5A*-C inc English and maths.	Satisfactory	Moderate. Over two miles away and single-sex school so is not expected to lose significant numbers to the FS. The Free School is unlikely to affect the long term financial viability of the school.
Sydney Smith School	2.3 miles	11-16 Foundation School	1642. Closing in 2014.	Below national average. 39% 5A*-C inc English and maths.	Inadequate	Minimal. The Free School is unlikely to affect the long term financial viability of the school.
St Mary's College	2.5 miles	11-18 Voluntary Aided School	1588. No surplus capacity in 2010/11. Oversubscribed for entry.	Above national average. 64% 5A*-C inc English and maths.	Outstanding	Minimal. The Free School is unlikely to affect the long term financial viability of the school.
