Mandatory Compliance: "Pass" indicates that the bathing water achieved the mandatory standards. "Fail" indicates that the water failed the mandatory standards. Since 2012 the assessment has been based on the number of ecoli exceedences (shown in brackets); previously it was based on exceedences of total coliforms and faecal coliforms (shown in brackets respectively).

Guideline Compliance: "Pass" indicates that the bathing water achieved the guideline standards. "Fail" indicates that the water failed the guideline standards. Since 2012 the assessment has been based on the number of ecoli and intestinal enterococci exceedences (shown in brackets respectively); previously it was based on exceedences of total coliforms, faecal coliforms and faecal streptococci (shown in brackets respectively) this was also known as UK guideline.
