Longley Park Sixth Form College	1.4	Sixth Form College (General)	Overall 1323 learners 99.9% of learners are aged 16-18 This is a medium-sized college	Below average The average points score per student at level 3 in 2013 is 651.5	Requires Improvement Date of most recent Ofsted inspection: 15/03/2013	MODERATE: Due to the current performance and Ofsted rating of the college the free school could have a high impact. Longley Park's latest Ofsted report states that "students' achievement and their rate of progress vary too much and too many do not achieve as well as they should particularly on AS level courses". However the college has a large number of students and provides vocational courses that the free school will not offer. The financial viability of the college could be affected if significant numbers are reduced.

The Sheffield College	4.0	Tertiary College	Overall 12534 learners 46.5% of learners are aged 16-18 This is a large college	Below average The average points score per student at level 3 in 2013 is 608.7	Good Date of most recent Ofsted inspection: 03/05/2013	MINIMAL: It is worth noting that the Department for Business, Innovation and Skills, has also invested in an extension to the Hillsborough College (which is a campus for the Sheffield College and located less than 2 miles from the proposed Chapeltown Academy). However, this college also offers vocational diplomas, apprenticeships, foundation degrees and caters for adult learners as well as 16-19 students. Even though the college is rated 'good' overall, its latest Ofsted report (May 2013) does state that this is not an outstanding provider because "success rates are not yet high enough and students on advanced level courses make insufficient progress". We therefore assess the impact on the college will be minimal.
