

We were asked:

- Q1. Does the Department use Cloud computing services?
- Q2. If so, which Cloud computing service and provider are being used?
- Q3. If known, in which country is the Cloud computing service's servers located?
- Q4. What measures are taken to ensure that content stored on the Cloud is compliant with the Data Protection Act?
- Q5. Did the Department request specific terms and conditions?
- Q6. Does the Cloud computing service that is being used comply with the EU's standard contractual terms?

We replied:

A. The Wales Office uses IT services supplied under Ministry of Justice contracts, and we do not hold IT contracts in our own right. You may therefore wish to ask the Ministry of Justice about the contracts it holds in relation to cloud services.
