## Format of the AFCAS reference tables

1. Each reference table refers to a question asked at the tri-Service level and are arranged generally in the order in which they were asked in the questionnaires (i.e. each Service had its own separate questionnaire). Each table is broken down by Service and also by Rank Group with the Total column referring to the Officers and Other Ranks results combined. Not all questions have been asked since 2007 and are greyed-out in the tables where necessary. Footnotes are given for some tables to explain certain relevant information relating to how the data in the table have been produced. The title of each table reflects the question asked in the questionnaire and the number in square brackets at the end of a title i.e. those preceded by an 'A' are simply a unique question identifier used to administer and keep track of questions over the years.
2. Unless otherwise specified, 'don't know' and 'not applicable' responses are ignored and percentages are based only on the numbers of respondents who chose the remaining item response options.
3. Attitudinal questions in the questionnaires have generally been regrouped to assist in analysing results and to aid interpretation. For example, questions asked at a 5-point level have generally been regrouped to a 3-point level (Table 1 refers).

**Table 1: Common groupings of 5 point scales**

Type of scale	Group 1	Group2	Group3
<b>Agreement</b>	Agree (strongly agree or agree)	Neutral (neither agree nor disagree)	Disagree (strongly disagree or disagree)
<b>Satisfaction</b>	Satisfied (very satisfied or satisfied)	Neutral (neither satisfied nor dissatisfied)	Dissatisfied (very dissatisfied or dissatisfied)
<b>Comparison</b>	Better (much better or better)	About the same	Worse (much worse or worse)
<b>Level</b>	High (very high or high)	Neither high nor low	Low (very low or low)
<b>Fairness</b>	Fair (very fair or fair)	Neither fair nor unfair	Unfair (very unfair or unfair)

4. Each table includes an estimate of the proportion of the population by category. Standard errors for each survey estimate can be found in separately published Excel tables found on the AFCAS webpage. Total unweighted counts for each question are provided. Where the unweighted count for a Service/Rank Group is less than 30, results by category have been withheld as distributions for these low numbers of respondents are unreliable. Suppressing results based on less than 30 responses also helps to preserve respondent confidentiality.
5. Survey estimates (percentages) that have been underlined in the statistical tables indicate that the difference between that year's estimate and the 2014 estimate is statistically significant. Where a previous year's survey estimate is not underlined this indicates that not enough evidence has been found of a statistically significant difference between the percentage estimate for that year and the 2013 percentage estimate. Where the survey estimate (percentage) is exactly 0% or 100%, standard errors are not possible and therefore significance tests are not carried out.
6. Where previous years' survey estimates (percentages) or significance tests have not been carried out, the relevant parts of the statistical table have been greyed out and a reason is provided in table footnotes.
7. Note that significant increases do not necessarily refer to an improvement. A significant increase in dissatisfaction, for example, is unlikely to be considered an improvement.

For this question, comparisons with years prior to 2010 have not been made as a 'Don't know' response option was dropped from the questionnaire in 2010 and the above question wording for the RN, RM and Army changed from 'Do you agree...'

Caution should be taken when comparing to 2007 and 2008 as some changes were made to the question wording in 2009. Additionally in 2009 the 'N/A' option was dropped from the questionnaire. Figures for years prior to 2009 have been analysed excluding 'N/A' responses. Therefore figures prior to 2009 used here may differ from those previously published.

In previous years an 'N/A' option was also offered for responses to this question, which was no longer offered from 2009. As a result figures for years prior to 2009 have been analysed excluding 'N/A' responses to enable comparison between years. Therefore figures prior to 2009 used here may differ from those previously published. Caution should be taken when interpreting results as the question wording changed in 2011 to specifically ask respondents about their 'personal' tasks only.

This question is filtered to include only those who state they are not currently registered to vote [A453].

This question was not asked prior to 2012.

Significance tests for RM Officers are not possible as there were not enough respondents to this question in 2013.

Standard errors cannot be provided where the proportion of a response is 0% or 100%; significance tests comparing with previous years are therefore not possible.

- denotes no respondents.

No comparisons with 2010 figures have been made due to differences in the period of data collection in each year. Although the period of data collection is more similar between the 2011 and 2012 surveys, the comparisons here should be viewed with caution.

Prior to 2011, RN responses to this question included only those RN personnel who stated they had been on an Operational Non-Sea-Going deployment. In 2011, the RN changed this so that this question now includes only those RN personnel who state they have been on a Sea-Going deployment.

This question is filtered to include only those who state they have been on an Operational deployment since 1st January 2011 (RN:deployed at sea) [A436]. In AFCAS reports prior to 2011, the RN only included personnel that had been on an Operational Non-Sea-Going deployment. The 2010 figures show due to a change to the filter question in 2010, no comparisons have been made with figures prior to 2010.

Caution should be taken when comparing to figures prior to 2012 as this question changed to a tick box response format from a written response format that required recoding into the categories shown.

The 'Don't know' option was dropped in 2010.

Significance tests have been carried out for 2007-2009 but should be interpreted with some caution as these may include those respondents who would formerly have replied "Don't know" (less than 1% in previous years).

The 'Don't know' option was dropped in 2010.

Significance tests have been carried out for 2007-2009 but should be interpreted with some caution as these may include those respondents who would formerly have replied "Don't know" (less than 1% in previous years).

This question is filtered to include only those who state they believe they had been the subject of discrimination, harassment or bullying in the last 12 months [A095] and who made a written complaint [A124].

Due to an extremely small number of applicable responses to this question in 2014 or previous years, parts of the table have been withheld.

The filtering for this question changed considerably in 2010. Significance tests comparing with earlier years are therefore not possible.

This question is filtered to include only those who state they believe they had been the subject of discrimination, harassment or bullying in the last 12 months [A095] and who did not make a written complaint [A124].

Due to an extremely small number of applicable responses to this question in 2014 or previous years, parts of the table have been withheld.

The filtering for this question changed considerably in 2010. Significance tests comparing with earlier years are therefore not possible.

SFA = Service Family Accommodation; SLA = Single Living Accommodation of any type.

Significance tests have not been carried out for SFA for 2007-2011 as the options for this question were considerably different prior to 2012

Significance tests have not been carried out for SLA of any type for 2011 as the responses given for this option were unreliable

Significance tests have not been carried out for SLA of any type for 2007 or 2008 as the responses given for this option would have included Ships or Submarine Accommodation which wasn't asked until 2008 and Substitute Single Living Accommodation which wasn't asked until 2009

Significance tests have not been carried out for SSLA for 2007 and 2008 as this question was only introduced in 2009

Significance tests have not been carried out for the Onboard a ship or submarine option for 2007 as this question was only introduced in 2008

Significance tests have not been carried out for Other for 2007 and 2008 due to the introduction of the Onboard a ship or submarine option in 2008 and the SSLA option in 2009

Standard errors cannot be provided where the proportion of a response is exactly 0% or 100%. In such cases, significance tests comparing with previous years are not possible

The Army and RAF are not asked the 'Onboard a ship or submarine' option.

- denotes no respondents.

This question is filtered to include only those who state they live in Single Living Accommodation (excluding ships and boats for RN/RM and excluding Substitute Single Living Accommodation) [A207].

Significance tests for 2011 have not been carried out as the figures for those in Single Living Accommodation for 2011 are unreliable.

An 'N/A / Don't know' option was added in 2011 but is excluded from the analysis.

The wording for the 'No' options changed substantially in 2010 therefore significance tests for 2007-2009 are not possible.

The 2009, 2010 and 2011 figures were revised in August 2012. They are shown as revisions in their respective reports with an explanatory note for the revision above each table.

This question is filtered to include only those who state that they own their own home [A213].

In 2010 this question changed from 'tick the most important reason' to 'tick all that apply'. Significance tests comparing with earlier years are therefore not possible.

The format of the response options changed in 2012 from a 'Yes/No' response to a 'ticked/not ticked' response. The apparent impact of this change on the distribution of answers means that no comparisons with earlier years has been made.

This question is filtered to include only those who state that they own their own home [A213].

In 2010 this question changed from 'tick the most important reason' to 'tick all that apply'. Significance tests comparing with earlier years are therefore not possible.

The format of the response options changed in 2012 from a 'Yes/No' response to a 'ticked/not ticked' response. The apparent impact of this change on the distribution of answers means that no comparisons with earlier years has been made.

This question is filtered to include only those who state that they do not own their own home [A213].

In 2010 this question changed from a 'degree-of-agreement' scale to a 'yes-no' scale, significance tests comparing with earlier years are therefore not possible.

The format of the response options changed in 2012 from a 'Yes/No' response to a 'ticked/not ticked' response. The apparent impact of this change on the distribution of answers means that no comparisons with earlier years has been made.

This question is filtered to include only those who state that they do not own their own home [A213].

In 2010 this question changed from a 'degree-of-agreement' scale to a 'yes-no' scale, significance tests comparing with earlier years are therefore not possible.

The format of the response options changed in 2012 from a 'Yes/No' response to a 'ticked/not ticked' response. The apparent impact of this change on the distribution of answers means that no comparisons with earlier years has been made.

Due to changes in 2010 to the wording and applicability of the question, significance tests have not been carried out for 2007-2009 .

The RAF were not asked this question prior to 2011, therefore significance tests have not been carried out for RAF and hence Tri-Service for 2010.

The 'Prefer not to say' option was introduced in 2010, so no significance tests comparing with earlier years are possible.

Standard errors cannot be provided where the proportion of a response is 0% or 100%; significance tests comparing with previous years are therefore not possible.

Due to changes in the format of this question, no significance testing for 2007 and 2008 is possible

Respondents who state they do not have any children whom they financially support (i.e. answered 'No' to A253) are counted in the '0 children' category.

Standard errors cannot be provided where the proportion of a response is 0% or 100%; significance tests comparing with previous years are therefore not possible.

- denotes no respondents.

Due to changes in the format of this question, no significance testing for 2007 and 2008 is possible

Respondents who state they do not have any children whom they financially support (i.e. answered 'No' to A253) are counted in the '0 children' category.

Standard errors cannot be provided where the proportion of a response is 0% or 100%; significance tests comparing with previous years are therefore not possible.

- denotes no respondents.

This question is filtered to include only those who state they have children whom they support financially [A253].

In 2009, the options now used were introduced for the RN, RM and RAF, so no significance tests for the RN, RM and RAF comparing with previous years are possible.

In 2010, the options now used were introduced for the Army, so no significance tests for the Army comparing with previous years are possible.

- denotes no respondents.

This question is filtered to include only those who state they had not taken all of their leave for the previous year (answered "No, for any other reason" to A278).

Due to the response options changing from a degree-of-agreement scale to a Yes-no scale in 2010, no significance tests have been conducted against prior years.

The format of the response options changed in 2012 from a 'Yes/No' response to a 'ticked/not ticked' response. The apparent impact of this change on the distribution of answers means that no comparisons with earlier years has been made.

This question is filtered to include only those who state they had not taken all of their leave for the previous year (answered "No, for any other reason" to A278).

Due to the response options changing from a degree-of-agreement scale to a Yes-no scale in 2010, no significance tests have been conducted against prior years.

The format of the response options changed in 2012 from a 'Yes/No' response to a 'ticked/not ticked' response. The apparent impact of this change on the distribution of answers means that no comparisons with earlier years has been made.

The proportions here are based on respondents - there is a risk that those who did not return a completed questionnaire may have differing views to those who did.

This question was not asked prior to 2011.

Standard errors cannot be provided where the proportion of a response is 0% or 100%; significance tests for RM Officers for the 'Too short' option for 2011 are therefore not possible.

■ denotes no respondents.
