# Welfare reform: collated costings

Collated costings of welfare reform measures  
published by HM Treasury, June 2010 Budget to  
Budget 2014

---

Publication date: April 2014

# Introduction

This release collates costings published by HM Treasury for the Annually Managed Expenditure effect of each of the welfare reform measures announced since the June 2010 Budget. While costings are published at the fiscal event at which each measure is announced, and are further updated at subsequent Budgets until implementation, they have not previously been collated and published in a single document. The release responds to growing interest in the overall effect of welfare reform since 2010.

We do not plan routine updates to this release; individuals will be able to update it themselves from documentation published by HM Treasury at each fiscal event.

## Methodology

Costings have been collated from Spending Review / Round, Budget and Autumn Statement documents published by HM Treasury. Further detail on methodology, principles and assumptions is published in the second (policy costings) document for each fiscal event.
