

Next Steps in CCS: Policy Scoping Document

August 2014

The Policy Scoping Document summarises the Government's policies and actions taken so far in supporting Carbon Capture & Storage (CCS), and it seeks views and evidence on a possible phase 2 of CCS deployment in the UK.

Phase 1
UK's first potential commercial scale CCS projects
Petehead and White Rose.

Phase 2, 3
Potential further CCS deployment, building on infrastructure and experience of Phase 1 projects.
Decreasing amounts of potential government support.

CO₂ – Carbon Dioxide
