Subject: RE: 27th Round AA - Publication
Importance: High

Dear All,

Further to my e-mail back at the beginning of the month, I can now confirm that the updated AA's have been published on GOV.UK and that our colleagues in LED are preparing to make an announcement on the outstanding Blocks tomorrow.

The AA's are available using the following link - <https://www.gov.uk/government/consultations/27th-seaward-licensing-round>

Kind regards,

From:

Subject: 27th Round AA - Publication (1 of 3)

Dear All,

Thank you for providing comments on behalf of the Statutory Nature Conservation Agencies in relation to the draft 27th Round Appropriate Assessments and for participating in the meeting that was held to discuss the comments in more detail.

We have now taken all of the comments received into account, as appropriate, and the attached updated versions will be passed to our colleagues in Licensing, Exploration & Development (LED) to inform their decision making in relation to the remaining 27th Round applications. (Due to the size the documents they are in 3 separate e-mails).

We are currently making final checks and preparations for the AAs to be published on the GOV.UK site in the coming days and we will be in touch again prior to our colleagues in LED making any announcements regarding the outstanding Blocks.

Thank you again for your assistance.

Kind regards,

Department
of Energy &
Climate Change

Offshore Environmental Policy Unit
Offshore Oil & Gas, Environment & Decommissioning
