

## Revision to Statutory Homelessness Q1 (January to March) 2014 publication

Both the statistical release and the live tables have been updated. The Statutory Homelessness Q1 (January to March) 2014 publication, which was published on 19 June, has been revised. A technical error in the production process meant that data for Q1 2014 reported by ten local authorities did not feed through into the statistics. In these instances data were estimated. We are now able to use the reported data. The local authorities that were affected are:

Bolton  
Bromley  
Hounslow  
Kirklees  
Lichfield  
Newcastle upon Tyne  
Redbridge  
South Bucks  
Westminster  
Wolverhampton

The error also affected South Buckinghamshire in Q4 2013 with minimal impact on national figures.

To help users, here are the changes to key figures for Q1 (January to March) 2014.

Key figures	England	
	previous	revised
Decisions	27,310	27,210
Acceptances	12,520	12,540
