The following notice gives notice of the variation and surrender in part of an environmental permit.

The partial surrender removes an area of land from the installation. The area has never been used for permitted activities. The variation removes conditions 2.9.2 and 2.9.3 to reflect current permit requirements.

Any changes made as a result of the variation and part surrender are set out in the schedules.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
