

## Local Work Programme providers

Work Programme providers play a key part in working with DWP and Jobcentre Plus to help promote the support available through the Youth Contract to local employers and to identify suitable employment opportunities for participants. Where a wage incentive is appropriate, Work Programme providers will liaise with the employer, provide support and issue claims forms.

If you are an employer who is interested in employing an 18 to 24 year old with support from a wage incentive payment you should register your interest with local Work Programme providers.

The wage incentive is also available to employers through Jobcentre Plus if you take on an unemployed 18 to 24 year old who has been claiming benefit for 6 months.

For details of the Work Programme providers in your area please choose from locations below:

East of England .....	2
East Midlands .....	2
