Received 27<sup>th</sup> August 2013

Published 20<sup>th</sup> September 2013

## Information request

You sent me the 1011 ward level NINO data for Haringey last year (see attached).

Is it possible for you to send us the 2011/12 figures please?

## DWP response

You were previously provided with NINO registrations to adult overseas nationals entering the United Kingdom (UK), by year of NINO registration, for Haringey Ward for the years 2008/09 and 2009/10, broken down by Nationality.

In response to your request for updated information, please see the attached table 'FOI 2013-4148 Response.xls' which shows NINO registrations to adult overseas nationals entering the UK, by year of NINO registration for Haringey Ward for the years 2010/11 and 2011/12, which is the latest information available.

Please note that a nationality breakdown is not readily available for these figures but further breakdowns are now available down to Middle Super Output Area level, which is a lower level than Wards, using the new visualisation tool called Stat-Xplore which is published on the Departmental Tabulation Tool at:

<https://www.gov.uk/government/organisations/department-for-work-pensions/series/dwp-statistics-tabulation-tool>

Scroll down and select [Stat-Xplore](#) then after following relevant registration/log in instructions select **NINO Registrations**.

Guidance on how to produce your required tables can be found here:
