AUTHORIZED AMENDMENT

Issue 7 to MAP-01 has introduced numerous changes throughout, as summarized in Chapter 0.5 of the Manual; the Regulated Community (RC) should familiarize themselves as appropriate.

Of particular note the following significant changes have been introduced:

1. Chapter 0.3 includes amended instructions relating to A/AMC and submission of Requests for Change (RFC).
2. Chapter 2.1 (Remotely Piloted Air Systems (RPAS)) has been substantially re-written following publication of the new RPAS regulations in RA 1600 and RA 4050.
3. Chapter 2.4 on Royal Flights has been amended to clarify applicability and preparation requirements.
4. Tables detailing the authorizations that are appropriate to each Service rank have been deleted from Chapter 4.3 and will now be promulgated by each Service in their appropriate Mid-Level Orders. Similarly Chapter 4.6 detailing specific responsibilities for each Service relating to particular authorizations has also been deleted.
5. Chapter 5.9 (Ground Training Aids) and Chapter 5.10 (Ground Instructional Aircraft and Aero-engines) have been deleted; guidance can now be found in RA 4212.
6. Chapter 7.3 on Logistic Information Systems updates TAA requirements to manage data capture and exploitation.
7. Chapter 11.5 on Non-Destructive Testing has been amended with new authorization and training requirements.
8. Numerous changes to clarify the requirements for recording of aircraft repairs and retention of engineering documentation.
