Subject: RE: Quick Question re - size of workforce and STP

Bill

We are currently at about 450 people and reducing as projects complete. We peaked at about 1000 but removed one of the two bio digesters because of the falling numbers. When we get to C&M, in about 3 years, there will be only security guards, single figure numbers and no sewage plant. The 30m3 limit was one of the issues that I intended to get back to you on next week after I've consulted the system engineer on the plant's capacity and output.

Subject: Quick Question re - size of workforce and STP

CAUTION: External email

Hi Patrick

Can you let me know what the current (and predicted future) workforce on your site is ? That is the workforce who use the facilities that connect to the sewage treatment plant.

I want to get a feel for whether you are discharging the full 30 m3 a day.

Bill
