See attached. I have kept the SEN data in a separate tab because it's not published (red tab called "Unpublished data Sen").

If you require any further information please let me know.

Thanks

Please find attached your original file with the latest **2011 published data** on schools and pupil characteristics (Ethnicity, FSM, EAL). I have removed the data you had in your original file as it's not published and it relates to 2010. The published data does not include information on SEN (if you need this then I can provide the latest 2011 data but you will be restricted to only use this internally).

Please note the published figures are rounded (nearest 5) and suppressed (symbols "x", ">" and "..") in order to prevent disclosure of small numbers. (More details of this can be provided if required).

The published data is on the following website:
<http://www.education.gov.uk/rsgateway/DB/SFR/s001012/index.shtml>

If you require any further information please let me know.

Thanks

Subject: bme data

Hi [REDACTED],

Attached is the data we've previously been sent on the schools in the JR. We'd also like to get information on ethnicity at school level for those listed – LAs have been using White/mixed/asian/black/Chinese/other if we have something that uses similar categories.

Let me know if there are any problems with releasing the data – it's intended for internal use only, but we're prepared to be FOI'd on it all.
