Subject: Fw: Site visits for JR LAs

I'd welcome your views on this. My instinct is that we shd not be considering schools from beyond those already included in the case and that PfS should not be encouraging LAs to consider that possibility. I wonder if they know that such a request is coming.....?

Once we have their view, we can go back on this point and on the timescale question.

Thanks

Stuart

Subject: Site visits for JR LAs

Stuart

I'm leading on the site surveys for the JR LAs, so please come back to me with any queries/comments.

A query from me to begin with! We have assumed that you expect us to survey, as a minimum, the 58 schools that the LAs 'claimed' in the JR, plus the 8 in Nottingham that were shown as 'indicative approved'. Can you please confirm whether you would expect us to survey schools not in that list, where the LA puts forward alternative proposals? Clearly this could impact significantly on both resourcing needs and timescales if we are increasing that number markedly (it may be unlikely, but we have no indication yet from LAs).

Re. the timescale for this survey exercise, we are gearing up to commence as soon as practicably possible, but it would be helpful to discuss the end date as this is not specified in the letter to LAs. We intend to meet with each LA first, confirm which schools are 'in scope' (i.e. whether they intend to bring forward alternative proposals), and plan visits. We assume they will also wish to understand the methodology – we are developing a model at present.

Look forward to hearing from you.

Regards

Mike
