Dear Sir/Madam

M4 Junctions 3 to 12 Smart Motorway Scheme
Statutory pre-application consultation until 21 December 2014
Planning Act 2008 Section 42: Duty to consult on a proposed application

I am writing regarding the M4 junctions 3 to 12 smart motorway scheme (the "Scheme"). The Scheme would improve the M4 between junction 3 (Hayes) and junction 12 (Theale), by making it a smart motorway.

Smart motorways use the latest technology to improve journeys by sensing traffic flow, and setting speed limits accordingly, to keep traffic moving smoothly. Smart motorways deliver cost effective benefits, when compared to traditional motorway widening, with less environmental impact during construction.

The Scheme involves permanently converting the hard-shoulder into a traffic lane (referred to as All Lane Running), and using technology to vary speed limits and manage traffic, creating much needed extra capacity to support economic growth. Signs and signals will be used to inform drivers of conditions on the highway network, when and where variable mandatory speed limits are in place, and when lanes are closed. There are a number of hard shoulder discontinuities on the M4 between junction 4 and junction 8/9, where existing bridges over or under the M4 limit the available carriageway width. It is proposed that these bridges are widened, or demolished and rebuilt, in order to enable All Lane Running along the Scheme. The aims of the Scheme include: relieving congestion and smoothing the flow of traffic; and improving journey times and journey time reliability.

The Highways Agency (the "Agency") is seeking development consent for the Scheme under the Planning Act 2008 (the "2008 Act"). This legislation requires the Agency to make an application to the Secretary of State for Transport for a Development Consent Order ("DCO") to construct the proposed scheme. The Agency intends to make the application for development consent in early 2015.

The Agency is now commencing formal pre-application consultation about the Scheme, in accordance with section 42 of the 2008 Act, until 21 December 2014. The Agency is
