

The Air Decision Support Programme provides analysis to support Evidence Based Decision-Making within Air Command. The scope of the programme covers:

- supporting the Ministry of Defence capability management process, through supporting Capability Planning Groups and Programme Boards
- future Force development and concept Force development
- preparation of the evidence base to support the next Defence and Security Review
- provision of methods, tools, data and scenarios
- supporting Defence Equipment and Support with ad-hoc capability advice.

Working in partnership

Some aspects of this programme may be contracted through a number of mechanisms throughout the 2015/16 year.

Details of these routes to contracting can be found in the 'How to sell to Dstl - get involved' factsheet.

For more information about this programme, contact: centralenquiries@dstl.gov.uk.

Approximate funding (2015/16):

£2.7 million - 11% is delivered externally*

*The 2015/16 funding is a projected forecast and is subject to change in-year.
