

Pre-release access to BIS National Statistics and official statistics outputs

Protocol 2 of the [Code of Practice for Official Statistics](#) requires that access to releases before public release is limited to those people essential for production and publication, and for quality assurance and operational purposes. Pre-release access may only be granted in accordance with the rules and principles set out in the [Pre-release Access to Official Statistics Order 2008](#). In addition, Protocol 2 requires that records are published of those who have access prior to public release.

This document contains lists of recipients of pre-release access for all BIS National Statistics and official statistics outputs. National Statistics are marked with the NS Quality Mark .
