STATEMENT OF THE NUCLEAR DECOMMISSIONING FUNDING ACCOUNT 2014-15 - FOREWORD

Under Section 32 (1) of the Energy Act 2004 the Secretary of State must prepare a statement of the Nuclear Decommissioning Funding Account (the Statement). The Statement for 2014-15 is set out on page six.

The Nuclear Decommissioning Authority (NDA) became fully operational as a non-departmental body of the Department of Trade and Industry (now Department of Energy and Climate Change) on 1 April 2005. It is responsible for the decommissioning and clean up of all designated civil public sector nuclear sites.

In addition to its decommissioning responsibility, the NDA is also required to operate existing commercial activities on its sites until current contracts with UK and overseas customers have been met. The Government is committed to funding the full costs of the decommissioning and clean up of the civil nuclear liabilities arising at the NDA's sites.

The Statement sets out the notional funding available from the Consolidated Fund for use by the NDA during 2014-15 on its activities and the funding that the NDA drew down from the Consolidated Fund during that period. The underlying funding is accounted for within the

Consolidated Fund, the Department of Energy and Climate Change's Annual Report and Accounts 2014-15 (HC 36) and the NDA's Annual Report and Accounts 2014-15 (HC 197).

THE REPORT OF THE COMPTROLLER AND AUDITOR GENERAL TO THE HOUSES OF PARLIAMENT

The Secretary of State is responsible for the preparation of a Statement of the Nuclear Decommissioning Funding Account (the Statement) in accordance with section 32(1) of the Energy Act 2004. The Statement shows the debits and credits recorded in the Nuclear Decommissioning Funding Account during the year ended 31 March 2015 under section 32(2) of the Energy Act 2004 and the determination made by the Secretary of State made under section 31(4)(c) of the Energy Act 2004.

My responsibility is to examine and report to Parliament on the Statement in accordance with section 32(5) of the Energy Act 2004. I plan and perform my examination so as to obtain all the information and explanations which I considered necessary to provide me with sufficient evidence that the Statement is consistent with the requirements of Section 31 of the Energy Act 2004. In addition I read the Foreword to identify material inconsistencies with the Statement. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my report.

The Nuclear Decommissioning Funding Account is a reflection of the notional funding available to and used by the Nuclear

Decommissioning Authority. Consequently, my examination does not constitute an audit carried out in accordance with International Standards on Auditing (UK and Ireland) the objective of which would be the expression of an opinion on the contents of the Statement.

I have examined the Statement of the Nuclear Decommissioning Funding Account for the year ended 31 March 2015. Based upon my examination I am satisfied that:

- The entries recorded in the Statement are consistent with the requirements of section 31 of the Energy Act 2004; and,
- The Statement has been prepared in accordance with section 32 of the Energy Act 2004.
