For the sake of good order, please note that my contact is now [Redacted].

These are not our own ships, however, we know a Greek shipowner that has worked closely with us during this difficult time. He currently has two tankers waiting off ports to load cargo - Zawia and Ras Lanuf. He has kindly offered any support that he can to aid any evacuations. The vessels are Greek flag and they can secure flag waivers to take additional people.

I appreciate that these are very difficult times indeed but just wanted you to know that this could be a possibility.

If you need any further information please don't hesitate to contact me and I can put you directly in contact with the Owner.

Kind regards
