

Annex 1: CS non-rotational options within parcels. This excludes all rotational arable options which should be recorded in Annex 2

Please refer to the 'How to' guidance notes as these contain additional information on completing this sheet. Enter all of the non-rotational options within parcels that you are applying for onto this data sheet. Details of the options available are provided in the Countryside Stewardship Mid Tier Manual and any supplements. **For water quality capital items you only need to complete the 'Soil erosion/Run off risk', 'Land use of non-declared BPS land' and SSSI/SM columns.**

Key for Less Favoured Area (LFA) status column codes: N = non-Less Favoured Area land, D = Disadvantaged land, MD = Disadvantaged Land above the Moorland Line, S = Severely Disadvantaged Land, MS = Severely Disadvantaged Land above the Moorland Line

If necessary, continue on extra sheets and indicate in the box how many sheets you have attached:
