

Notice of variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

S S Agri Power Limited

Crows Hall AD Plant
Ellingham Road
Attleborough
Norfolk
NR17 1AE

Variation application number

EPR/BB3931RA/V002

Permit number

EPR/BB3931RA

Crows Hall AD Plant

Permit number EPR/BB3931RA

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The Industrial Emissions Directive (IED) was transposed in England and Wales by the Environmental Permitting (England and Wales) (Amendment) Regulations 2013 on 27 February 2013. This variation implements the changes brought about by the IED for “existing facilities operating newly prescribed activities” and completes the transition of this facility from a waste operation to an IED Installation.

This notice upgrades the operator’s waste anaerobic digestion ‘on-farm’ standard rules (SR2010No16) to an installation operation at Crows Hall AD Plant. S S Agri Power Limited will operate under the equivalent installations standard rules (SR2012No9).

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Application received	Duly made 01/10/2012	Application for an on-farm anaerobic digestion waste facility (SR2010No16).
Permit determined EPR/BB3931RA	07/11/2012	Permit issued to S S Agri Power Limited.
Application EPR/BB3931RA/V002 (variation of standard rules)	Duly made 30/01/2015	Application to change current waste standard rules (SR2010No16) to an on-farm anaerobic digestion installation facility (SR2012No9) in line with the Industrial Emissions Directive.
Variation determined EPR/BB3931RA	09/10/2015	Varied permit issued.

End of introductory note
