

We were asked:

The total number of laptops owned by your organisation that were registered to and/or in the possession of staff members on the following two dates:

Q1. 1 May 2010

Q2. 1 May 2013

We replied:

A1. The Wales Office uses IT services supplied under Ministry of Justice contracts. We are supplied with IT equipment, including laptops, under these contracts, for which we pay a monthly charge.

On 1 May 2010, six members of staff were in possession of laptops.

A2. On 1 May 2013 four members of staff were in possession of laptops.
