

Disposal of computer equipment

“1. How long do you keep laptops or computers for in your department”

DFID laptops and computers have an expected lifespan of five years.

“2. How much was spent in 2015 in replacing computer equipment”

DFID spent £353,553 (excluding VAT) on computer equipment (laptops, keyboards, mice, assorted peripherals, VC equipment, printers etc.) in the financial year 2015-16.

“3. What is your department's policy on the disposal of computer equipment? Do you use an approved disposal service or does it go for a general sale \ auction?”

DFID use an approved disposal service to dispose of computer equipment.
