PUS' LUNCH WITH SIR DAVID McNEE:  
BRIEF ON SIR PETER HAYMAN

- A 1. I submit a short note (which Miss Hay has asked to have by 5.30 p.m. tomorrow), in accordance with the PUS' minute of 14 July.
2. If the PUS finds that there is no convenient opportunity to ask the Commissioner about this, I could perhaps explore via the Home Office (Mr Hayden Phillips) what might be done to ensure that we are kept suitably informed in future about such police enquiries abroad.
3. I have no other Security Department points for the lunch. (PCD are coordinating preparation of the main briefing note, as they have since April assumed responsibility within the Office for liaison with the police.)

I agree. I have sent a side copy to the Chief Clerk. What H. Winchester says in the 'points to Make' seems consistent with the Chief Clerk's minute of 14 July at Page A.

1. The PUS is lunching with Sir D McNee on Friday 17 July as you and PCD (though not other recipients of this minute) are aware.
2. There may be points about which you might wish to brief the PUS. May we please have these by 5.30 pm on Thursday 16 July.

SECRET

I regret that the PUS never found an occasion at this lunch when he could talk alone with Sir David McNee. Consequently he was unable to take the action you recommended. Perhaps you would therefore procede as you suggest in paragraph two of your minute above.
