

Data to be included in 7th March 2017 Wider Determinants of Health launch

The majority of indicators that will be published in the Wider Determinants of Health tool launch are already published by Public Health England. Data for the indicators listed below will be published for the first time in the Wider Determinants of Health data tool as part of the March launch (fingertips.phe.org.uk/profile/wider-determinants).

Indicator Name	Time period added	Already in public domain in exact format?
19-24 year olds not in education, employment or training [^]	2015	No**
Work-related illness [^]	2013/14 -15/16	Yes
Households not reaching Minimum Income Standard [^]	2013/14	No*
GCSE achieved 5A*-C including English & Maths with free school meal status ^{^^}	2014/15	No**

* A chart of these data is published by the Joseph Rowntree Foundation in their annual Households below a Minimum Income Standard report, however the underlying data are not published.

** Confidence Intervals calculated from values published in this format.

[^] England and regional level data only.

^{^^} England, regional and county & unitary authority data.
