**Title:** Advanced Trade Mark search: NICE Classes 35 to 45

**Date of release:** 21 August 2014

**Information request:**

I am conducting a trademark study and would like to find out how to search for trademarks registered between 1 Jan 2004 and 1 Jan 2014 in NICE classes 35-45. As the trademark search only allows searches by number, owner, word/image and decision, please how an advanced search with the above mentioned criteria may be conducted.

**Information released:**

The attached files give lists of all marks, live or dead, that are still on the database. One file is a list of marks registered in all classes and the other is of marks registered in the service classes only. Please note that in the service classes file a number of Trade Marks appear twice due to them having more than one class in the range you requested.
