Dear [REDACTED]

PROVISION OF REQUESTED INFORMATION

Thank you for your request for information about a live animal export which we received on 23 September 2016. Your request has been handled under the Freedom of Information Act 2000.

The information you requested and our response is detailed below:

“Live export - 11th September, 2016

Please can you provide the following paperwork for the following, ‘KBR Transport’, livestock truck with Cab registration: BT JD 61 & Trailer registration: OK 06 HV:

1. Journey Log WIT07- Both the Log submitted prior to the journey and the Log submitted after the journey had taken place.

Please see attached at Appendix 1 the journey log submitted prior to the journey. Following a search of our paper and electronic records, I have established that the returned journey log is not held by APHA, and is not due back yet.

2. The Vehicle/Livestock Inspection Report WIT32

Please see attached at Appendix 2 the Vehicle/Livestock Inspection Report WIT32.

3. All Intra Trade Animal Health Certificates

Please see attached at Appendix 3 the Intra Trade Animal Health Certificates.

4. Any WIT08 or WIT09 notices served

No WIT08 or WIT09 notices were served.

5. If any animals were refused loading, the ET45 form

Please see attached at Appendix 4 the ET54 form.

Please could you also advise as to whether this vehicle received an inspection by APHA at Ramsgate Port?"

An APHA Inspector carried out a hot weather check on this vehicle at Ramsgate Port. Please see Appendix 5 for the WIT32 portal inspection.

Information has been redacted on the attached Appendices under Section 38, Section 40(2) and 40(3)(a)(i) of the Freedom of Information Act (2000).

Section 38 refers to the exemption from the duty to provide information if it would, or would be likely to affect anyone's health or safety.

We recognise that there is a general presumption in favour of transparency and openness concerning our work, and providing the general public with the right to request access to information held by public authorities.

We also recognise that there is a public interest in disclosure of this specific information in order to increase this transparency and aid well-informed debates concerning the welfare and transportation of animals, and the individuals associated with them.

However, we feel that there is a stronger public interest in withholding the information as the full addresses, including the county of origin, the destination and/or rest stops, transporter details and individual names would identify further information and would, or would be likely to, endanger the health and safety of staff. This poses a substantial risk to the health and safety of individuals associated with the transportation of animals that would be of significant severity and is likely to occur in some cases. We consider this to be a significant factor in favour of maintaining the exemption.

APHA has balanced the real threat to the health and safety of individuals which disclosure of the requested information would be likely to cause, against the public interest arguments in favour of disclosure. In this instance the APHA does not consider that disclosing the information requested in order to inform public debate and to promote accountability and transparency would justify the risk to individuals' health and safety.

Section 40(2) and 40(3)(a)(i) refers to other people's personal information. Some of the information contained within the requested documents has been withheld under section 40(2) and 40(3)(a)(i) (third party personal data) of the FOIA as the information

constitutes personal data relating to a third party. Section 40(2) and 40(3)(a)(i) of the FOIA provides that personal data relating to third parties is exempt information if disclosure would breach the Data Protection Act 1998 (DPA).

APHA consider that disclosure of this information is likely to breach the first data protection principle in Schedule 1 of the DPA, which relates to the fair and lawful processing of personal data, in two ways. First, disclosure would not constitute 'fair' processing of the personal data, second, disclosure would not satisfy any of the conditions for data processing set out in Schedule 2 to the DPA. Therefore, we have concluded that this information is exempt from disclosure under section 40(2) of the FOIA.

Information disclosed in response to this FOI request is releasable to the public. In keeping with the spirit and effect of the FOIA and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on GOV.UK, together with any related information that will provide a key to its wider context. No information identifying you will be placed on the GOV.UK website.

I attach an Annex which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Yours sincerely
