Centrica RPS Limited
Roosecote Power Station
Rampside Road
Barrow-in-Furness
Cumbria
LA13 0PQ

Variation application number

EPR/BM4406IU/V004

Permit number

EPR/BM4406IU

Roosecote Power Station

Permit number EPR/BM4406IU

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The requirements of the Industrial Emissions Directive (IED) 2010/75/EU are given force in England through the Environmental Permitting (England and Wales) Regulations 2010 (the EPR) (as amended).

This variation notice refers to the operation of large combustion plant (LCP), as defined by articles 28 and 29 of the Industrial Emissions Directive (IED). Environmental Permit EPR/BM4406IU has been varied by the Environment Agency to facilitate the implementation of the special provisions for LCP given in the IED, by the 1 January 2016 (Article 82(3)). The IED makes special provisions for LCP under Chapter III.

This variation notice sets condition 2.1.2 into Environmental Permit EPR/BM4406IU to ensure that the site can only operate in accordance with Chapter III of the Industrial Emissions Directive. The Operator, Centrica RPS Limited, must demonstrate their compliance with Chapter III of the Industrial Emissions Directive, should they wish to operate the site and must have obtained written approval from the Environment Agency before operating.

The power station consists of a single gas turbine, heat recovery steam generator and steam turbine.

This introductory note also confirms the updated LCP numbers in accordance with the most recent DEFRA LCP reference numbers. The LCP reference is changed as follows:

- LCP 122 is changed to LCP 57

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Application BM4406IU	Duly Made 29/03/2006	
Additional information received	29/11/2006	
Permit determined	19/12/2006	
Variation application	Duly Made 05/10/2009	
Additional Information received	Requested 07/10/2009	Received 16/10/2009
Variation determined EPR/BM4406IU/V002	20/10/2009	
Variation determined EPR/BM4406IU/V003	11/03/2013	Environment Agency Initiated Variation to incorporate Eel Regulations improvement condition.
