# Mark your funding application map: examples

Scheme boundary
Draw a red external boundary line, no wider than 0.7mm. Highlight the inside of the boundary in colour with, for example, a yellow highlighter. Make sure that the colours don't hide the base map detail.

X Access Point

Access point
Use clearly-labelled red crosses, as many as you need, to show where FC staff are permitted to enter the woodlands.

Compartment boundary
Use a red dash/dot line no wider than 0.7mm.

1

Compartment number
Write the number inside the area, or clearly link to it with an arrow. Numbers can go up to 9999.

Subcompartment boundary
Use a red line of long dashes no wider than 0.7mm.

a

Subcompartment letter
Write a single letter after the compartment number.
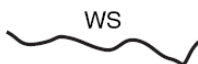

Public footpath

Track/permissive path/public footpath
Use a black line of short dashes no wider than 0.7mm and write the feature type next to it.

WL

Wayleave (all wires, pipes, pylons etc)
Use a black line no wider than 0.7mm with alternate chevrons and write WL (Wayleave) next to it.

WS

Watercourse
Use a black line no wider than 0.7mm and write WS (water supply) next to it.
