Dear

I am writing to confirm that we have now completed our search for the information, which you requested on 20 October 2015.

In your email you asked for the following information, in relation to information provided to you on 16 September 2015 (ref: CRS 726,427):

- *With the exception of job number 55599 can I request further info on each job number listed please.*
- *Copy log reports or anything which gives a description each of the fatalities. Were they scanned, have collars on?*

The information provided by Area 2 and the A419/7 DBFO Company to complete the table sent to you on 16 September, is actually the way in which details are captured and logged, so therefore no further information is available. I can also confirm that the service provider for Area 2 (Skanska) and the A419/7 DBFO Company (RMS) do not use microchip scanners.

The following information has been provided by our Area 3 team:

Ref 58154 - Police removed the dog from the carriageway. No forms for this query.

Ref 58376 - Police found the dog, but no further records what was done and no form.

Ref 58391 - Regional Control Centre reported it, but nothing further noted and no form.

Ref 58808 - Large dog found and taken back to depot (does not advise if scanned).

Ref 63050 - When they got to the location no dog was found.

Ref 63377 - Dog was taken back to depot, no description and no record if the dog was scanned.

Copies of forms can be provided for incidents numbered 58808, 63050 & 63377. These have been redacted and are attached for your information.
