FOI Request 2016/07724

Dear

Thank you for your correspondence of 9th August 2016 requesting the following information:

"I'm looking to obtain figures for items reported stolen from military bases across the UK.

If available, can you provide figures for the number of items reported stolen from military bases in Great Britain in 2015 and what these items were?"

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOIA).

A search for the information has now been completed within the Ministry of Defence, and I can confirm that information in scope of your request is held.

The information has been made available in the table at Annex A

Under section 23(5) (Information supplied by, or relating to, bodies dealing with security matters) the MOD neither confirms nor denies whether there is additional information in scope of your request. This is an absolute exemption and not subject to a public interest test. This should not be taken as an indication that additional information is or is not held by the Department.

The MOD works hard to detect and deter theft and there are robust processes in place to raise awareness of the need for vigilance in all aspects of security. Just as theft occurs in wider society, the MOD is not immune and we actively encourage individuals to report any evidence of loss or suspicion of theft. It is important to note that in some cases of reported theft the property is later recovered. In the case of key assets however, MOD sites have a wide range of additional security measures to ensure their safety.

Please note this lists those items reported in the timeframe specified and where the cases have been closed and the completed investigations established that items were stolen.

I hope this is helpful. If you are not satisfied with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Information Rights Compliance team, 2nd Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail <u>CIO-FOI-IR@mod.uk</u>). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain dissatisfied following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, http://www.ico.org.uk.
