Information Released

Unfortunately, Companies House does not record the turnover for a company as part of the public record, although you may be able to find turnover details in the full accounts of some companies.

Companies House does record the registered offices of companies but as that information is already in the public domain I must refuse to disclose it to you. Under section 21 of the Freedom of Information Act 2000 any information that is reasonably accessible to the applicant, albeit on payment of a fee, is exempt information under the Act.

There are a few ways that you can obtain the information you require from our website

<https://www.gov.uk/government/organisations/companies-house>.

The Free company data product is a downloadable data snapshot of basic company data including the registered office address lines.

From 'Our Services' on our home page you can access our free beta service <https://beta.companieshouse.gov.uk/> - The beta service provides company overviews and company officer information.

Alternatively, CH also has a DVD Directory which can be searched for companies and their address lines. A one off copy costs £30. For further information, please use the following link:
