Dear Mr Yorke,

Thank you for your letter of 29 September ahead of the next meeting of the JNAPC. You asked for an update on three issues:

NOT IN SCOPE

That process has, as you know, taken longer than expected for VICTORY (1744) and we have for more than two years said that we expect to make an announcement "shortly". That remains our intent, and the criteria for giving agreement to move forward have not changed.

NOT IN SCOPE

I hope this is helpful.

Yours sincerely,
