

Secondments from accountancy organisations

"I would like to be provided with the following information for the current year to date, and each of the three years before:

- 1) Details of the numbers of staff on secondment to your department from each of the "big four" accountancy companies: PwC, Deloitte, KPMG and Ernst & Young.*
- 2) Any records kept on the approximate value of such secondments to the department*
- 3) Any records of the broad subject areas on which said staff were working*

Additionally, I would be grateful for any policies, procedures, or reports prepared in relation to management of staff seconded from the private sector, particularly with regard to privileged information and/or conflicts of interest.

I would be interested in any information held by your organisation regarding my request."

DFID has had no secondments from the accountancy organisations specified in your request for 2013 or 2014.

DFID does not hold information relevant to the remainder of your request.
