I confirm that all of the inward secondees are reimbursed by the Department. The exact job titles on secondment are not available.

The vast majority of our secondees are to and from the public sector, but some secondments include private sector and voluntary sector.

Secondments bring in external expertise across the Department's responsibilities such as for local government, housing, planning and communities, and secondments out help staff get experience of outside sectors, bringing back new knowledge and skills when they return to the Department.
