

1. I will **ensure** that I am fit for work when **on site**

Personal Safety Commitments

1. I will ensure that I am fit for work when on site
2. I will always ensure I have had a pre-task briefing
3. I will only use mobile phones in safe designated areas
4. I will always use traffic management in the manner intended
5. I will always use plant and vehicles safely
6. I will challenge unsafe acts

May 2015

I will ensure that I am fit for work when on site, not work excessive hours and always wear the correct PPE.

2. I will **always** ensure I have had a **pre-task briefing**

Personal Safety Commitments

1. I will ensure that I am fit for work when on site
2. I will always ensure I have had a pre-task briefing
3. I will only use mobile phones in safe designated areas
4. I will always use traffic management in the manner intended
5. I will always use plant and vehicles safely
6. I will challenge unsafe acts

May 2015

I will always ensure I have had a pre-task briefing and will not start work if I feel it is unsafe to do so. I will be trained and certified appropriately for the task.

3. I will only use mobile phones in safe designated areas

Personal Safety Commitments

1. I will ensure that I am fit for work when on site
2. I will always ensure I have had a pre-task briefing
3. I will only use mobile phones in safe designated areas
4. I will always use traffic management in the manner intended
5. I will always use plant and vehicles safely
6. I will challenge unsafe acts

May 2015

I will only use mobile phones in safe designated areas. If possible I will not bring a phone onto the site.

4. I will always use traffic management in the manner intended

Personal Safety Commitments

1. I will ensure that I am fit for work when on site
2. I will always ensure I have had a pre-task briefing
3. I will only use mobile phones in safe designated areas
4. I will always use traffic management in the manner intended
5. I will always use plant and vehicles safely
6. I will challenge unsafe acts

May 2015

I will always use traffic management in the manner intended, including accesses and egresses to the works and adhere to speed limits. I will not cross any highway unless specifically authorised. I will be aware of my proximity to traffic, safety zones and barriers.

5. I will **always** use plant and vehicles **safely**

Personal Safety Commitments

1. I will ensure that I am fit for work when on site
2. I will always ensure I have had a pre-task briefing
3. I will only use mobile phones in safe designated areas
4. I will always use traffic management in the manner intended
5. I will always use plant and vehicles safely
6. I will challenge unsafe acts

May 2015

I will always use plant and vehicles safely, wear seat belts when fitted, keep a safe distance from working plant, respect the segregation between pedestrians and plant and ensure reversing operations are adequately controlled.

6. I will challenge unsafe acts

Personal Safety Commitments

1. I will ensure that I am fit for work when on site
2. I will always ensure I have had a pre-task briefing
3. I will only use mobile phones in safe designated areas
4. I will always use traffic management in the manner intended
5. I will always use plant and vehicles safely
6. I will challenge unsafe acts

May 2015

I will challenge unsafe acts. I will stop and check and not walk by. I will report near misses and unsafe acts/conditions. I will stop work if anything changes.

It's more than a card It's a **commitment**

Have you got yours?
