# **Key to the MDR One Page Assessment Summaries**

### The MDR Assessment framework

The MDR Assessment Framework is made up of 16 separate **Assessment Questions**, which are grouped into 6 different areas, known as **Components**. The first three components together make up the **'Match with UK Priorities Index'**. Components four to six collectively make up the **'Organisational Strengths Index'**. The different parts of the MDR assessment framework are shown below.

Multilateral agencies were awarded a score between 0.5 and 4 for each of the 16 assessment questions, with scores taking half point values beginning at 0.5 and going up to 4 (i.e. 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4). Questions were assessed and scored using the labels shown below, chosen to suggest progression of performance.

#### **Assessment Question Scores and Descriptors**

Descriptor	Score
Strong	4
Satisfactory +	3.5
Satisfactory	3
Weak +	2.5
Weak	2
Unsatisfactory +	1.5
Unsatisfactory	1 or less

Assessment question scores were averaged together to produce scores for each agency for each of the six components; for its match with UK priorities; and for its organisational strengths. The formula used for calculating these component and index scores is shown within the MDR Assessment Framework diagram below. Unlike the assessment question scores, component and index scores were categorised using a four colour traffic light categorisation. The table below shows the thresholds chosen for each traffic light rating, along with the descriptor used.

#### **Component and Index Scores and Descriptors**

Descriptor	Traffic Light	Score
Very Good		3.01 to 4
Good		2.51 to 3.0
Adequate		2.01 to 2.5
Weak		0 to 2.0

#### **DFID Funding Chart**

The funding chart included on each summary assessment page shows DFID's latest published multilateral core and bilateral through multilateral Official Development Assistance (ODA) to the organisation, as included in our National Statistics release, 'Statistics on International Development'. This data is based on payments made in each calendar year.

#### **UK Burden Share**

This is the UK's latest burden share, and represents our core funding to the agency as a proportion of all of the core funding it received. Depending on the frequency with which we provide funding to the agency, the burden share could relate to a specific year, a biennium or to a particular replenishment. This has been made clear in the text.

(average of O+P)

Index	Component	Assessment Question
Match with UK 2. Priorities	1. What it does (average of A+B)	<ul> <li>A: Critical role: does the agency have a critical role in delivering DFID's Strategic Objectives, including achieving the Global Goals and improving resilience and response to crises?</li> <li>B: Comparative advantage: does the agency provide an advantage over UK bilateral aid?</li> </ul>
	2. How it Delivers (average of C+D+E+F)	C: Partnership: does the agency work well with others to achieve UK and international development outcomes?  D: Leave No-one Behind: does the agency take action to meet the Global Goal to leave no-one behind?  E: Gender: does the agency ensure a suitable focus on girls and women in its policies, investment choices and partnerships?  F: Climate: does the agency support 'climate smart' development and resilience to disasters and other climate shocks?
	3. Where it works (average of G+H)	G: Geography and Resources: does the agency work in the right places for its particular role and mandate, informed by an appropriate graduation strategy?  H: Performance in fragile states: does the agency perform well in fragile and conflict-affected states?
Index	Component	Assessment Question
4. Results a		<b>I: Results</b> : does the agency demonstrate delivery against results and objectives?
	4. Results and value (average of I+J+K+L)	<b>J: Controlling Costs</b> : does the agency take action to drive down costs to secure value for money?
		K: Efficiency: does the agency demonstrate efficiency in managing
	,	its operations and programme and investment choices?
Organisational	,	its operations and programme and investment choices?  L: Human Resources: does the agency deploy Human Resources for maximum impact?
Organisational strengths (average of 4+5+6)	,	L: Human Resources: does the agency deploy Human Resources for maximum impact?  M: Risk and assurance: does the agency promote risk management and assurance in its corporate governance?
strengths	5. Risk and	L: Human Resources: does the agency deploy Human Resources for maximum impact?  M: Risk and assurance: does the agency promote risk management and assurance in its corporate governance?  N: Fraud: does the agency prevent, detect and take sanctions against fraud and corruption?
strengths	5. Risk and assurance	L: Human Resources: does the agency deploy Human Resources for maximum impact?  M: Risk and assurance: does the agency promote risk management and assurance in its corporate governance?  N: Fraud: does the agency prevent, detect and take sanctions

governments or clients and beneficiaries through all of its work?

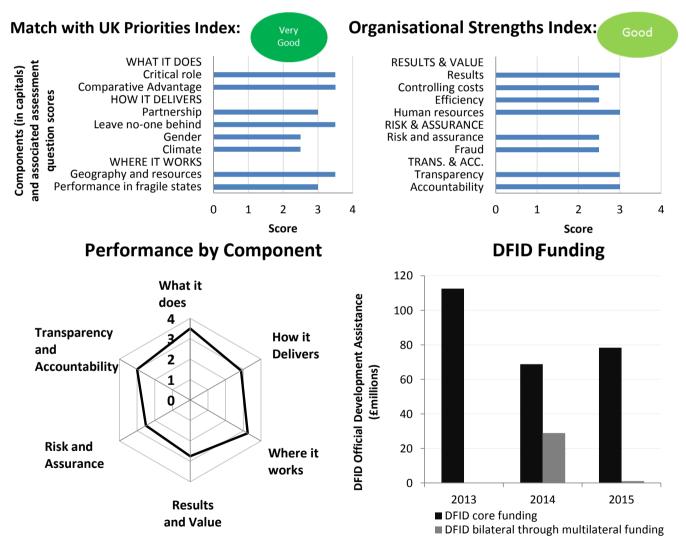

## EC Humanitarian aid and Civil Protection department (ECHO)

**Assessment Summary:** ECHO is the Humanitarian and Civil Protection Directorate General of the European Commission, the European Union's (EU) executive body. In channelling funds through others, ECHO acts as a donor on behalf of the EU.

ECHO is the third largest humanitarian donor globally and a critical part of the humanitarian system. Its scale enables it to maintain field presence in more than 40 countries as well as high-level technical capacity. ECHO has a rigorous approach to allocating funding based on humanitarian need. Policies are in place to tackle UK and international humanitarian objectives, but limited published evidence is available on impact and results for the period under review.

Since the 2013 MAR Update, ECHO has made efforts to address weaknesses in gender and disaster resilience programming. In 2015, ECHO addressed budget management problems it faced during the review period. Areas for further improvement include moving to multi-year funding where appropriate, improving transparency and sharing value for money and results data.

Britain has voted to leave the EU. While we remain a member we will continue to effectively use our position to produce real changes in the EU development programme in line with UK priorities and ensure that the EU helps us keep our promise to the world's poorest people.

**UK Engagement:** The UK is one of 28 Member States of the EU, and contributed approximately 15% of the EU budget in 2014. As a Directorate General of the European Commission, ECHO is bound by a number of legal obligations set up by Member States and the European Parliament. The UK uses its position in the Council of the EU to influence EU humanitarian and civil protection policy and implementation. DFID and Cabinet Office officials attend EU Council Working Party Meetings on humanitarian aid (COHAFA) and Civil Protection (PROCIV). DFID also works with DG ECHO counterparts in many of the countries where the UK has a bilateral aid programme.
