Dear Robert

**Request for an extension to the determination period**  
**Application reference: EPR/ZP3493SQ/v005**  
**Bradwell Site**

Thank you for your letter dated the 18<sup>th</sup> September 2015 regarding the proposal to extend the determination period for Bradwell site's application to vary the environmental permits.

For the reasons highlighted in your letter, I agree to the proposal to extend the determination period to the 1<sup>st</sup> February 2016. Please see the attached signed and dated form.

Please do not hesitate to contact me if you feel the need to discuss this or any related issue.

Yours sincerely

Dear Patrick,

**Request for more time to determine your application**

**Application reference:** EPR/ZP3493SQ/v005  
**Applicant:** Magnox Limited  
**Facility:** Bradwell Site

We require more time to determine your application because, following a high level of public interest and significant number of representations submitted on Magnox's applications to vary the water discharge permits (EPR/DP3217XB and EPR/ PR2TSE10760), we are treating Bradwell Site as a site of high public interest. We have decided to extend the determination period to allow for another round of public engagement and we will publish our 'minded to' draft decision documents and draft permits for interested parties to provide comment on.

Therefore, we propose that the determination should now take place by 1 February 2016.

If you agree to this proposal we should be grateful if you would sign and date the form overleaf and return it to us by 25 September 2015.

If you are not able to agree to this proposal please contact me.

Yours sincerely
