FREEDOM OF INFORMATION ACT 2000 REQUEST REF: FOI 0018-17

Thank you for your email of 4 January 2017 asking for information under the Freedom of Information Act (FOIA) 2000. You asked:

- I should be grateful if you could supply details of the budgets for the overall costs of running the FCO operations in each of its foreign missions (i.e. embassies, consulates and high commissions) (except home country operations in the UK) in the last FCO financial year.*

I can confirm that the Foreign and Commonwealth Office (FCO) does hold information relevant to your request and this is summarised in the table on the next page. You asked for the overall running costs and the figures provided include both income and expenditure at Embassies, Consulates and High Commissions, as well as costs met centrally in London including both staff costs and direct costs. In many cases they also include the cost of hosting other government departments who are co-located with us.

Staff costs include wages and salaries, pensions and other for UK and Locally Employed staff. Direct costs are inclusive of such items as: estate expenditure; security; vehicle costs; travel, subsistence and allowances; and depreciation. The figures provided also include staff and direct costs for management and support activity.
