## Abacus Evolve Interactive Teaching Resources (Year 5 & 6)

### Description

Abacus Evolve has been created to free you up to focus on the 'important bits' such as *how* you want to teach rather than *what* to teach; and using assessments to feed your planning rather than worrying about how or when to fit assessment in.

### Status

Approved for Windows XP.

### Website

<http://www.pearsonschoolsandfecolleges.co.uk/Primary/Mathematics/AllMathematicsresources/AbacusEvolveFrameworkEdition/AbacusEvolveFrameworkEdition.aspx>

### Version Tested

1.0.0

### X-Image Version

2.3.1

### Hardware Tested

GX620/Optiplex755

### Usage

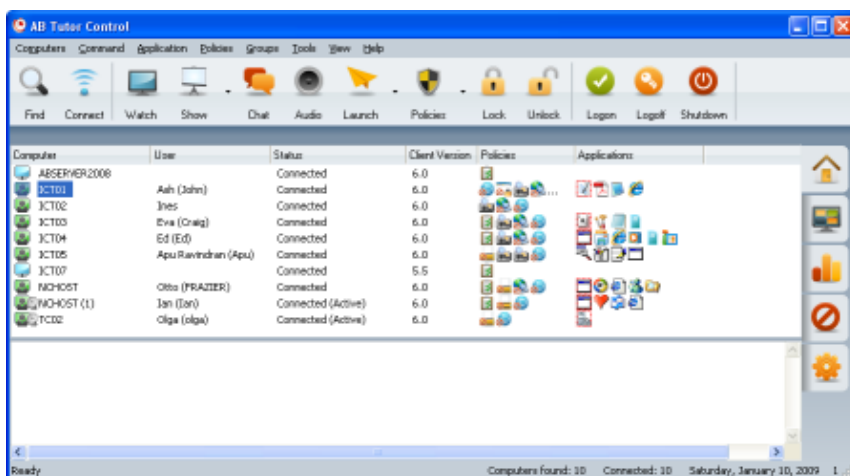

Specific Sites Only

This content is no longer current and was archived on 8 June 2016.

For latest information from SCE please visit:

<https://www.gov.uk/government/collections/service-childrens-education>.

## AB Tutor (Control & Client)

### Description

This remote control software enables teachers (or network administrators) to control a number of student workstations in a computer training room - or remote location - from one central workstation. Classroom groups and policies as well as Internet and application restrictions can be created by teacher or network managers to maintain security on large networks. This means AB Tutor becomes a major component in maintaining esafety in the classroom.

### Status

Approved for Windows XP

### Website

[http://www.abconsulting.com/html/Tutor\\_Control.html](http://www.abconsulting.com/html/Tutor_Control.html)

### Version Tested

5.4.2

### X-Image Version

2.3

### Hardware Tested

GX620/Optiplex755

### Usage

**Specific Sites Only**

This content is no longer current and was archived on 8 June 2016.

### Usage

Specific Sites Only

This content is no longer current and was archived on 8 June 2016.  
For latest information from SCE please visit:  
<https://www.gov.uk/government/collections/service-childrens-education>.

## Celestia

### Description

Welcome to Celestia

... The free space simulation that lets you explore our universe in three dimensions. Unlike most planetarium software, Celestia doesn't confine you to the surface of the Earth. You can travel throughout the solar system, to any of over 100,000 stars, or even beyond the galaxy.

All movement in Celestia is seamless; the exponential zoom feature lets you explore space across a huge range of scales, from galaxy clusters down to spacecraft only a few meters across. A 'point-and-goto' interface makes it simple to navigate through the universe to the object you want to visit.

Celestia is expandable. Celestia comes with a large catalog of stars, galaxies, planets, moons, asteroids, comets, and spacecraft. If that's not enough, you can download dozens of easy to install add-ons with more objects.

### Status

Approved for Windows XP

### Website

<http://www.shatters.net/celestia/>

### Version Tested

1.6.1

### X-Image Version

2.3.1

### Hardware Tested

GX620/Optiplex755

### Usage

SCE-wide

### Technical Notes

Not recommended for GX620s with 512MB RAM.

This content is no longer current and was archived on 8 June 2016.

### X-Image Version

2.3.1

### Hardware Tested

GX620/Optiplex755

### Usage

**SCE-wide**

### Important Note

eProfile development and support from September 2012

A revised EYFS framework and EYFS Profile statutory assessment will be in place from 1 September 2012. As the statutory assessment process will differ significantly from that currently in place, the Department will not commission further development of and support for the eProfile data collection tool beyond this date.

Existing users should continue to use eProfile for the current cohort. Data entered for the current and previous cohorts will remain accessible within the software after September 2012.

## Free Buttons

### Description

Free Buttons helps you create 100% CSS rollover web menus and buttons with ease.

It's very simple to work with the program. You just select the button style from a host of excellent templates (Win7, Mac, iPhone, Glossy, Web2.0, Vista) and type your text on a button. All other actions perform automatically by the program. Free Buttons creates professional quality images, generates a CSS that interacts with normal and mouseover mouse events for rollover effect, and inserts the menu into your html page in a position you want buttons to appear. Ability to work with templates allows you to make your menus even faster.

## Handwriting for Windows

### Description

HfW combines the advantages of a word processor with unique fonts and utility. The font has been designed follow what we believe to be currently accepted good practices in the teaching of handwriting. The utility program 'Handwriting for Windows 3.0' not only allows documents to be put into script fonts but also processes or 'converts' existing documents into handwriting with correct joins between letters.

## SIMS IEP Writer

CAPITA

SIMS

### Description

Every day, primary school teachers across the country use the SIMS Individual Education Plan (IEP) Writer to provide learning support that is tailored to the individual needs of each pupil. Intuitive and easy to use, IEP Writer helps them create effective plans including realistic learning targets that challenge gifted pupils and encourage those with different abilities to achieve more.

No two children learn in the same way or progress at the same pace. Ensuring every one of your pupils reaches their full potential is of paramount importance.

SIMS IEP Writer helps make that potential a much easier reality by facilitating individual plans, set out simply so they can easily be followed by pupils, allowing them to take more responsibility for their progress through every stage of their education.

### Status

## **Easi-View Visualiser (TTS/RM)**

### Description

Designed with Primary Schools in mind the Easi-View brings together all the most popular features of a classroom projector at a fraction of the price. Now you can share work with the whole class, view 3D objects and take pictures and videos to upload on to your VLE.

### Status

Approved for Windows XP

### Website

<http://www.tts-group.co.uk/shops/tts/Products/PD1726879/Easi-View-Visualiser/>

### Version Tested

N/A

### X-Image Version

2.3

### Hardware Tested

GX620/Optiplex755/760

### Usage

**Specific Sites Only**

### Notes

1. Works well with Google Picasa 3, Textease Studio (inc. Movies), plus Windows Scanner & Camera wizard. These are all on the build.
2. You can also use the camera as a webcam to use for the Cisco Movi Client, but you will need a user account to use it.
