

FOI Release
Information released under the Freedom of Information Act

Title: Colour Trade Marks

Date of release: 12 June 2014

Information request:

A list of all UK registered colour trade marks i.e. a list of the colour marks that have been registered (for example the Cadbury purple mark), not marks that have been filed in colour.

Information released:

There is no simple answer to your question because we do not categorise colour marks as a distinct mark type classification. Some applications are filed as colour marks and recorded on our database as such, but are in fact just ordinary marks that are filed in colour.

The best we can help you with is a list of 147 'Other' type marks, as attached, which will include any that are registered for colour(s) and which would need to be checked against the online search database individually for relevance.

The search page is at: <http://www.ipo.gov.uk/types/tm/t-os/t-find/tmcase.htm> .

I'm afraid we cannot guarantee that all registrations for colours will have been captured on this list, but it is the most likely place to find them.
