

**FOI Release**  
***Information released under the Freedom of Information Act***

**Title:** UK trade mark filing figures

**Date of release:** 30 June 2016

**Information request:**

Can you let us know the UK trademark filing figures (each year) for the period 1985 to 2005? If the figures are not readily available please be aware that in particular we are interested in the change in UK trademark filings when the CTMR came into force.

**Information released:**

Please see an Excel file containing the data you requested, compiled from our Annual Reports.

To keep it simple I've omitted figures for UK designations under the Madrid Protocol. Please let me know if you would like those figures in addition to UK domestic TM applications.
